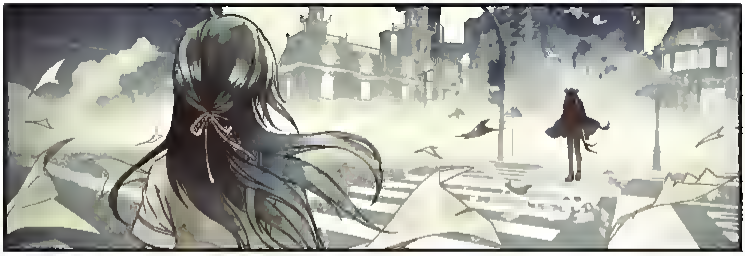
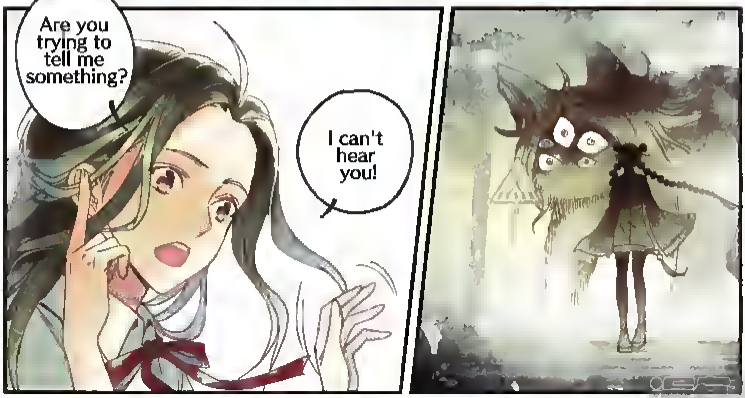
第一话 [illegible]

绘绘：[illegible]

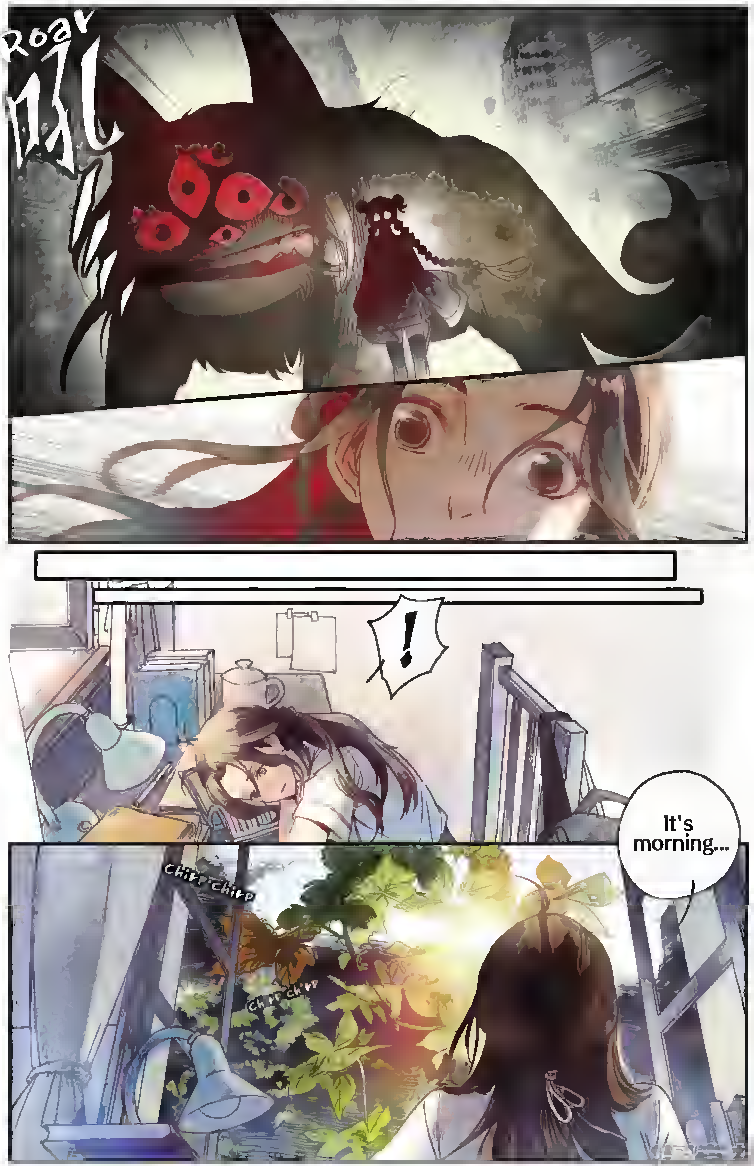
Amidst this tremendous symbol of oppression...
The whole sky is filled with
fluttering pieces of resistance...
Approached



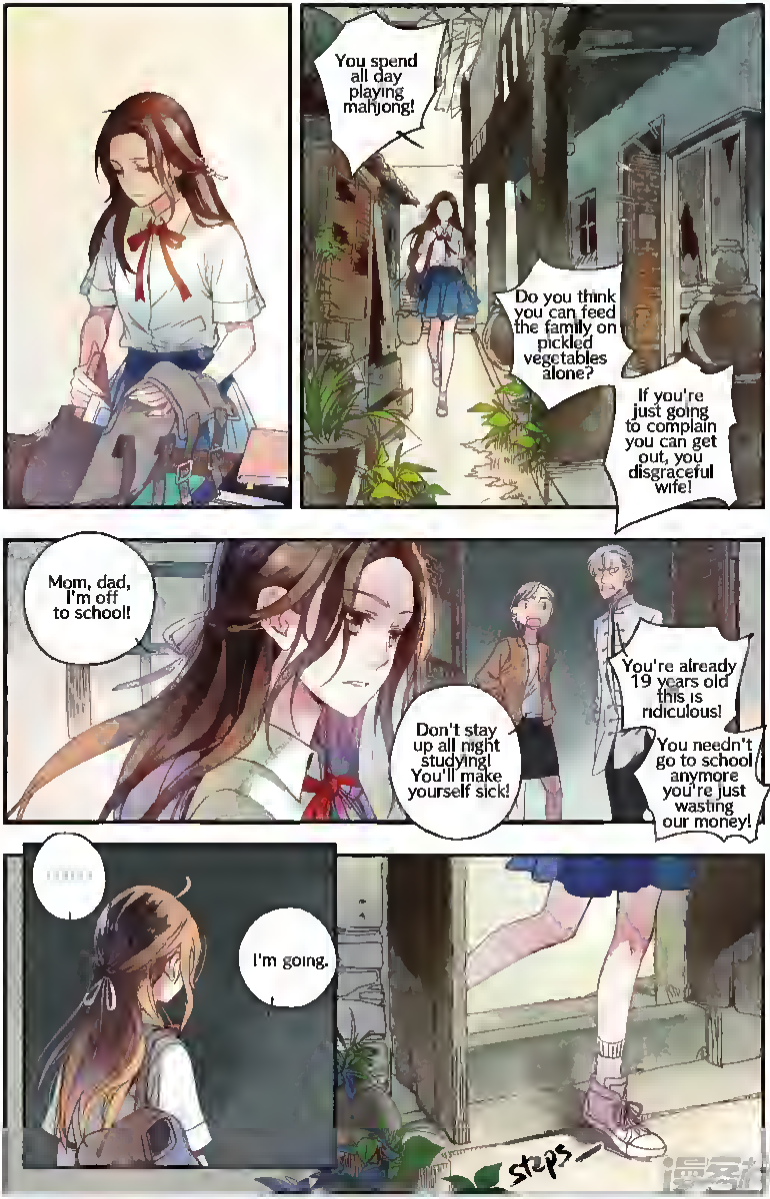
Her lips are moving, but what is she saying?



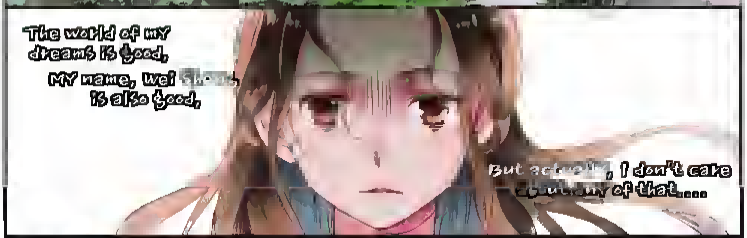
Are you trying to tell me something?
I can't hear you!



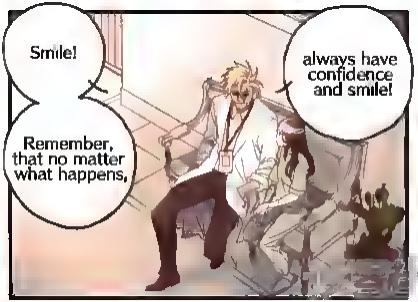
Roar
!
It's morning...
Chirp Chirp
Chirp Chirp

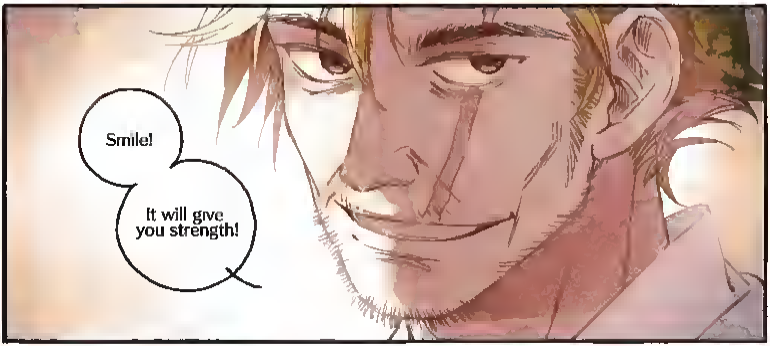


You spend all day playing mahjong!
Do you think you can feed the family on pickled vegetables alone?
If you're just going to complain you can get out, you disgraceful wife!
Mom, dad, I'm off to school!
Don't stay up all night studying! You'll make yourself sick!
You're already 19 years old this is ridiculous!
You needn't go to school anymore you're just wasting our money!
I'm going.
Steps

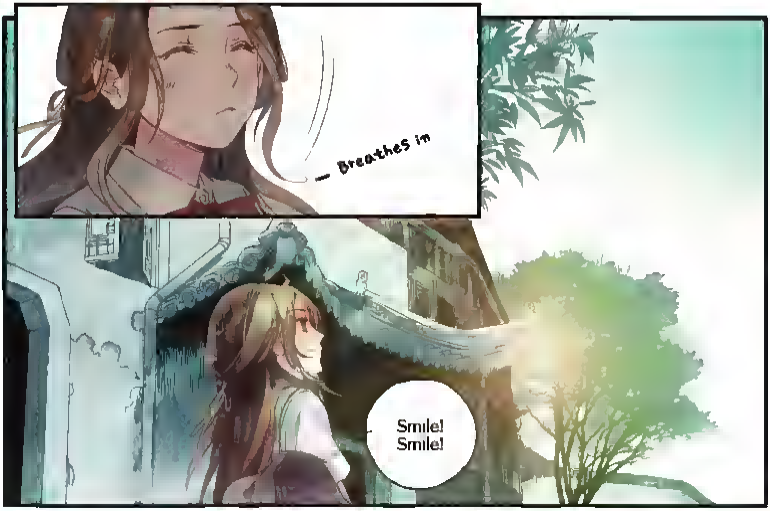


If I hadn't gotten my hearing fixed, I wouldn't have to listen to anything...

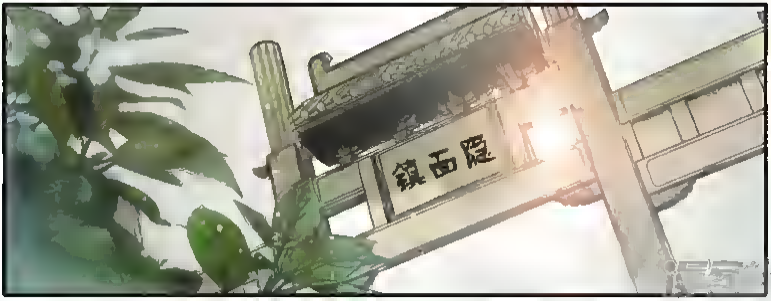




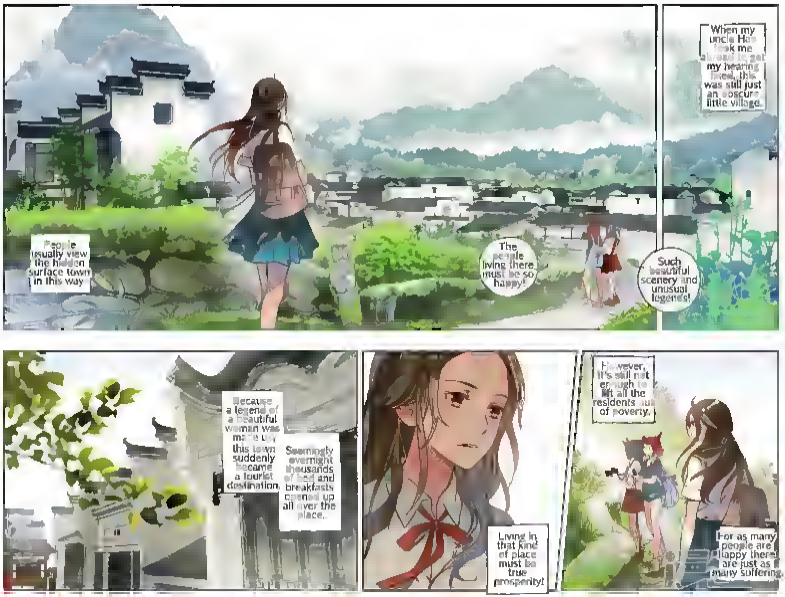
Smile!
It will give you strength!



— Breathes in
Smile! Smile!

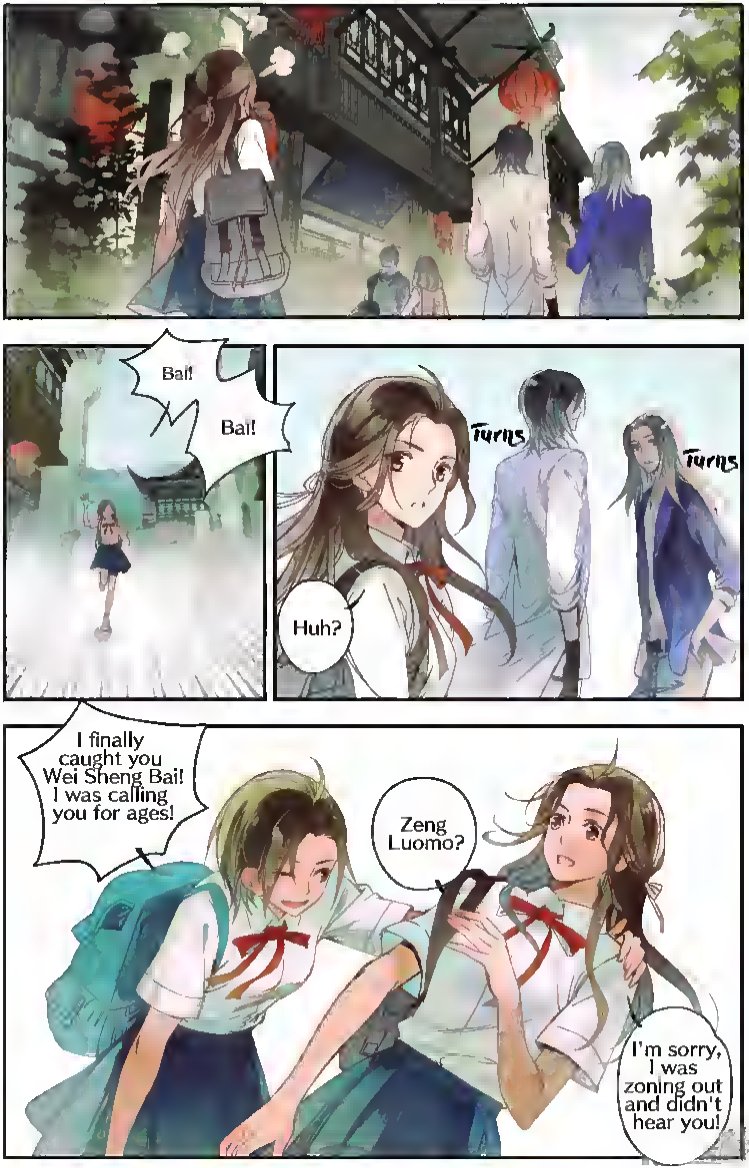


鎮西陵



People usually view the hidden surface town in this way
The people living there must be so happy!
Such beautiful scenery and unusual legend!
When my uncle Hao took me around to get my hearing aids, it was still just an obscure little village.
Because a legend of a beautiful woman was made up, this town suddenly became a tourist destination.
Seemingly overnight, thousands of hotel and breakfasts cropped up all over the place.
Living in that kind of place must be true prosperity!
However, it's still not enough to lift all the residents out of poverty.
For as many people are happy there, there are just as many suffering.

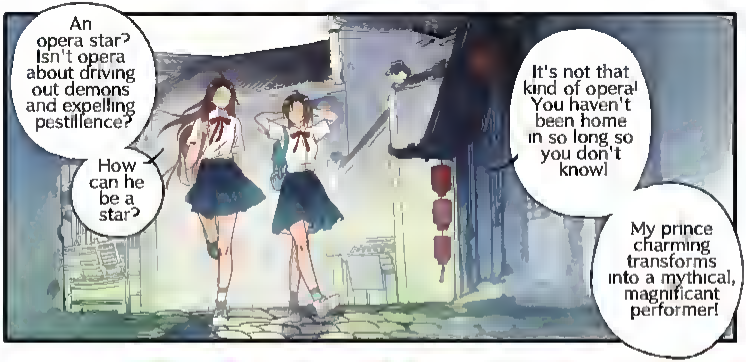
!
Did you just see that pretty student? She's so refined!
Her skin is so clear! Must be the water here!
Damn city slickers! This is great, that's great!
How'd you like to trade places with me!



Bai!
Bai!
Turns
Turns
Huh?
I finally caught you Wei Sheng Bai! I was calling you for ages!
Zeng Luomo?
I'm sorry, I was zoning out and didn't hear you!

Master, that girl has the same name as you....
And she's quite the beauty.

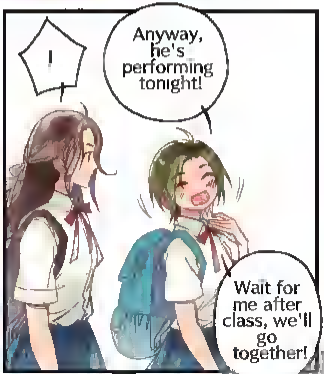
What's the same?
Only Bai, everything else is different!
Diligently explaining...
I am the greatest Bai in the world!
Indeed! I spoke out of turn.
Oh that's right, Qing Ji,
What did you say about the origin of our new residence?
It's a recon-stucted academy of learning from the Ming/Qing dynasties, you're gonna love it!
Also about tonight's performance, won't you come and watch?
I'll treat you to the last performance of the most popular opera star!



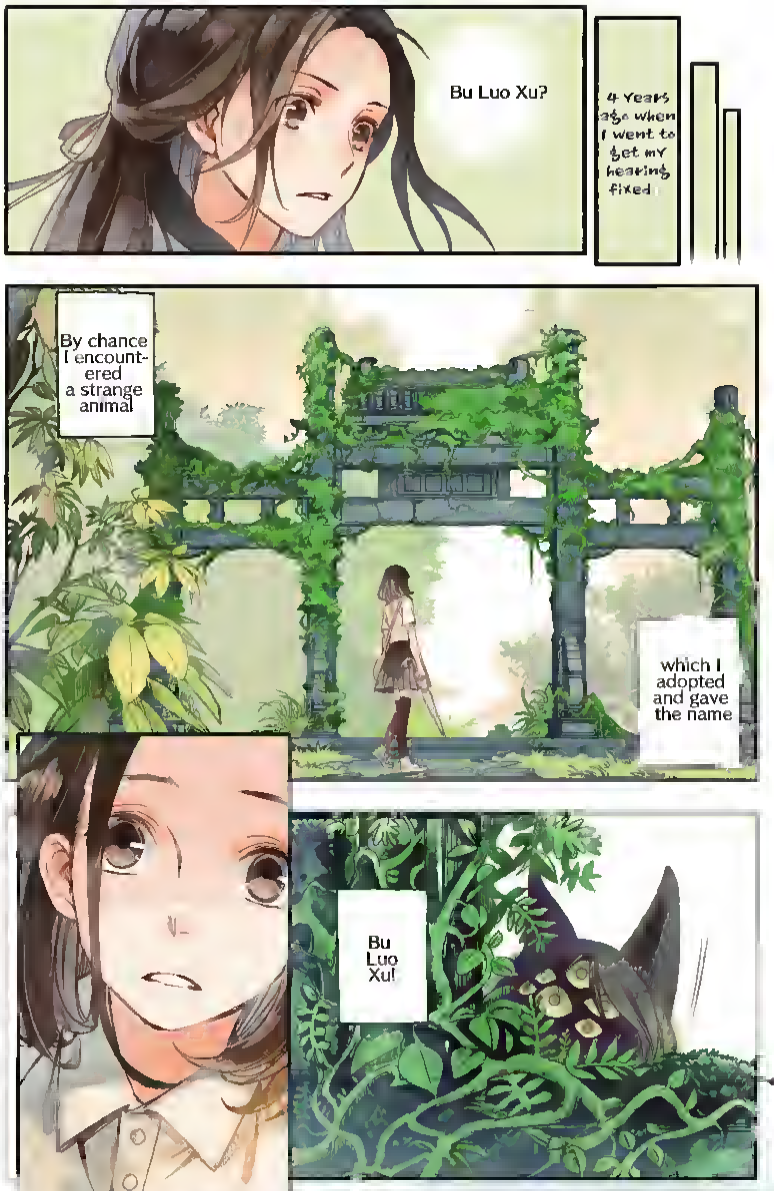
An opera star? Isn't opera about driving out demons and expelling pestilence?
How can he be a star?
It's not that kind of opera! You haven't been home in so long so you don't know!
My prince charming transforms into a mythical, magnificent performer!

Photos and videos of him that get uploaded to the internet get explosively popular!
He's also got an amazingly refined stage name!

He's called Bu Luo Xu!



!
Anyway, he's performing tonight!
Wait for me after class, we'll go together!



Bu Luo Xu?
4 years ago when I went to get my hearing fixed
By chance I encountered a strange animal
which I adopted and gave the name
Bu Luo Xu!
